Re: Zone Coordinator

The officiating division of Hockey Nova Scotia is pleased to announce Michael Greek and John Gallant have been appointed as the Zone Coordinators for the South Shore Zone. Michael currently resides in the Chester area and John hails from Yarmouth. This gives the officiating program coverage throughout this entire zone. This is an experienced team as both presently assist with the delivery of the HNS clinics and work within other officiating development programs.

The role of the zone coordinator is to assist leading in the development and training of officials in their Zone. They will work with the HNS Officiating Development Manager and HNS Supervision Managers in coordinating opportunities in the South Shore as well as identifying talented officials who are ready to take a bigger step in the hockey they officiate.

Michael and John are excited for this opportunity to form a strong team and look forward to the many challenges ahead. They both bring a passion and knowledge to the officiating program that will help foster the growth of officiating in Nova Scotia.

On behalf of all members of the Officiating Division of HNS I would like to wish Michael and Peter the best of success as they work to further develop the HNS officiating program.

Sincerely,

Randy Pulsifer
Referee in Chief
Hockey Nova Scotia
