Re: Appointment of Jr. C League Liaisons

The officiating division of Hockey Nova Scotia is pleased to announce Ben Larouche and David Silver have been appointed as "league liaisons" for the Nova Scotia Junior C Hockey League. Ben and Dave will have the responsibility in working directly with the Junior C Hockey League on officiating related matters.

Ben and Dave bring lots of experience to this position. They both have been involved in the officiating program for a number of years, both as an active official and administrative roles. They each have a great deal of experience with the Jr. C League.

The role of the league liaison is to work directly with the league in relation to officiating business. They will explore beneficial development opportunities and assist with the supervision of officials.

Ben and Dave are excited for this opportunity to form a strong team and look forward to the many challenges ahead. They both bring a passion and knowledge to the officiating program that will help foster the growth of officiating in Nova Scotia.

On behalf of all members of the Officiating Division of HNS I would like to wish Ben and Dave the best of success as they work to further develop the officiating program.

Sincerely,

Randy Pulsifer
Referee in Chief
Hockey Nova Scotia
