

U18 FEMALE TEAM ATLANTIC – INTRODUCTION

Team Atlantic is one of eight Canadian teams that competes annually in the National Under 18 Hockey Challenge. Team Atlantic's purpose is to provide opportunities for players, coaches and team staff to experience a flavour of national and international competition. Team Atlantic is about opportunity. It's about coaches, support staff and players working together and learning together. It's about young women becoming better hockey players as well as becoming better human beings.

Team Atlantic is about teamwork and the pursuit of common goals. Egos are left at the door and no one player or no one coach is bigger than the team or is more important than the team. It is a program about roles and about the appreciation of the need for every role on a team no matter how large or how small it may seem. It is a program about stretching beyond, about working harder and being better. Team Atlantic is about being pushed by competition beyond what you've ever experienced ... and facing the challenge head on. It's persevering for 60 MINUTES to be the very best that you can be ... to be part of a team that is the very best it can be.

Team Atlantic is NOT about individuals. It is NOT a program that tolerates lack of discipline or selfish behavior. It is NOT a program for those who choose not to commit totally ... there is no place for a partial effort. Team Atlantic is NOT about winning at all cost, however, it IS about giving everything of one's self to ensure that the team is the best it can be ... winning will be the result of that.

Team Atlantic is about respecting the past, the tradition and being optimistic about the future. It is about cherishing the effort and determination of the players and coaching staffs that have come before. It is about the abilities of former Team Atlantic players and about how they have made the most of their opportunities. It is about the pride of representing our region and about the passion for wearing our country's identity on our sweaters. It is about the future, for it is the future where you young women will write the next chapter of Team Atlantic ... together.
