The Novice Program shall strive to continue to develop the participants in the basic skills areas of skating, shooting, and puck handling while introducing them to competitive opportunities within an environment based on skill and ability. The intent is to continue to place a high emphasis on skill development while introducing participants to competition, playing rules, and the “team” concept.

19.2. EDUCATION

Hockey Nova Scotia recommends that all member Minor Hockey Associations continue to provide education, orientation and awareness to its membership on the benefits of skill development and the need to continue to focus on making each experience a positive one.

19.3. COMPETITION

Players within the Novice Program shall be assigned to levels based on their skill and ability. Minor Hockey Associations shall assign participants to an appropriate learning environment based on an evaluation at the start of the season and continue to provide ongoing evaluation throughout the season to ensure each participant continues to be assigned to the appropriate skill level and most appropriate learning environment. The levels for use within the Novice Program include Level 1 (Developmental), Level 2 (Intermediate), and Level 3 (Advancing).

Minor Hockey Associations may establish leagues, which are internal to the association, for the sole purposes of scheduling competition. Any such league may not include any placement or standings, the retention or publishing of individual statistics, any playoffs or a declared league winner under any format.

Minor Hockey Associations may not join together with other Minor Hockey Associations to form leagues which involve teams from multiple participating Minor Hockey Associations and which are external to a Minor Hockey Association, under any circumstance. Teams, where appropriate based on skill and ability, may play exhibition games against similar caliber teams from other Minor Hockey Associations.
In all Novice program competition, Minor Hockey Associations shall ensure that all players are treated fairly with respect to ice time distribution and situational opportunities. To maximize ice use during competition, if a team is assessed a penalty, the offending player will sit in the penalty box, but the team shall not play a player short. Under no circumstances shall Minor Hockey Associations “cut” or release players from levels or teams. Minor Hockey Associations must carefully consider all aspects of the player’s skill, ability, social maturity, physical maturity, capability to compete successfully, and any other factor prior to advancing a player to the next level so as to ensure that the player continues to develop and have fun and thereby eliminating any need to release the player back to a lower level. All movement of the player within the Novice program shall be progressive.

19.9. PLAYER ASSESSMENT AND EVALUATION

The assessment of players throughout the season shall be conducted in a fair and objective manner at all times. If the Minor Hockey Association finds that the circumstances of such a request are warranted, the Minor Hockey Association President shall submit the findings and recommendation to the Regional Director for written approval.

23.7. **IN PROVINCIAL PLAYOFF GAMES WHERE A WINNER MUST BE DECLARED THE FOLLOWING OVERTIME FORMAT MUST BE FOLLOWED**

1. **Overtime period one:** Should a game end in a tie at the end of regulation play, there will be one (1) five-minute five-on-five sudden victory period. There will be a two-minute break at the conclusion of regulation play.

23.11. **Tie Breaking Sequence Two Teams Tied**

   If two or more teams are tied at the conclusion of a round robin series, then the following procedure will be used to determine the final ranking before the semi-final and final games are played.

   In the event that teams are tied for a playoff position, the following procedure will apply: If two teams are tied:

   a) The winner of the round robin game between the two tied teams gains the higher position.

   b) The team with the most wins in the round robin gains the higher position.
c) If the two teams are still tied after 1)a and 1)b have been applied, then the team with the best goal average gains the higher position. The goal average of a team is to be determined in the following manner:

Total number of goals for divided by the total number of goals for and against.

NOTE: All round robin games are included.

Example: For = 10 goals Against = 4 goals

Therefore Goal Average Percentage = \( \frac{10}{10+4} = \frac{10}{14} = .714 \)

NOTE: The higher percentage gains the higher position

d) If the two teams are still tied after 1)a, 1)b, and 1)c have been applied, the team with the least number of minutes in penalties throughout all of the round robin games, gains the higher position.

e) If the two teams are still tied after 1)a, 1)b, 1)c, and 1)d have been applied, then the team which scored the first goal in the game between the tied teams gains the higher position.

f) If the two teams are still tied after 1)a, 1)b, 1)c, 1)d, and 1)e have been applied, a single coin toss will determine which team gains the higher position.

Three or More Teams Tied

Note: The three-team tiebreaker is used to determine the seeding of the 1st, 2nd, 3rd seed. If any step in the tiebreaker only seeds one team, that team assumes that position. The three-team tiebreaker will continue to determine the seeding of the two remaining teams. At no time will teams using this formula go back to the two-team tiebreaker

1) If three teams or more are tied, the head to head record between tied teams will determine who advances. If the tied teams have not all played each other, proceed to 2a.

   a) The team with the most wins would gain the highest position.

   b) If teams are still tied after 2)a has been applied, then the team with the best goal average gains the highest position. The goal average of a team is to be determined in the following manner: total number of goals for divided by total number of goals for and against.

NOTE: All round robin games are included
Example: For = 10 goals Against = 4 goals

Therefore Goal Average Percentage = \( \frac{10 \text{ (Goals For)}}{10+4 \text{ (Goals For plus Goals Against)}} = .714 \)

NOTE: The highest percentage gains the highest position(s).

The exercise of 2)b establishes the team or teams with the highest position(s) by percentage. These teams will advance. If there are still teams tied, they go to the next step. They do not go back to the “Two Team Tiebreaker”. Example:

i. Team A - .714 = 1 seed - Advances. Team B - .500 = 3 seed - Does not advance. Team C - .650 = 2 seed - Advances.

ii. Team A - .714 = 1 seed - Advances. Team B - .500 = Still tied with team C - go to next step 2)c. Team C - .500 = Still tied with team B - go to next step 2)c.

iii. Team A - .650 = Still tied with team B - go to next step 2)c. Team B - .650 = Still tied with team A - go to next step 2)c. Team C - .500 = Does not advance.

c) If teams are still tied after 2)a, and 2)b, the team with the fewest goals against (all round robin games played) will gain the highest position.

d) If teams are still tied after 2)a, 2)b, and 2)c, the team with the most goals for (all round robin games played) will gain the highest position.

e) If teams are still tied after 2)a, 2)b, 2)c, and 2)d, have been applied, the team to qualify would be the team that received the least number of minutes in penalties throughout all the round robin games.

f) If teams are still tied after 2)a, 2)b, 2)c, 2)d, and 2)e, have been applied, a coin toss shall determine the winner. In a three team coin toss, the odd team gains the highest position.

23.12. The Chairman of the HNSMC shall appoint an officer of the Council to hear and rule without delay on any protests or disputes arising during a Provincial Championship tournament. The requirement for a protest fee is waived. However, should a participant wish to appeal a ruling of the appointed officer, the provisions of Regulation 13.12 must be met.

23.13. A meeting of tournament officials, coaches and managers, the referee assignor, and a representative of the HNSMC, shall be held at least two hours before the
start of the tournament to familiarize all parties with the rules and regulations. All teams must have a representative at this meeting.

23.14. HNS shall provide appropriate individual and team recognition for the winning team. The host Minor Hockey Association will be provided with the official HNS gold, silver and bronze medallions, Championship Banner, Championship Plaque and Fair Play Banner to be presented at the conclusion of the tournament. Fair Play banner to be selected as the “most sportsmanlike team”. HNSMC will provide funding to each Provincial host to help offset the cost of hosting. The formula for providing the funding will be determined by HNSMC Executive and announced annually when provincial hosts are selected.

23.15. The host Minor Hockey Association shall provide, as a minimum, 11 trophies as follows: all star team (six), most valuable player (one), best goalkeeper (one), best defenseman (one), leading scorer (one), and sportsmanship award (one). The awards plus the bronze medals shall be given out following round robin play.

23.16. An awards selection committee shall be appointed by the host Minor Hockey Association. Representatives of it shall be at all games to make their selection on ability displayed during the tournament. All teams involved may have representation on the awards selection committee if they request same when forwarding their team information to the organizers.

23.17. A tournament report, including income and expenditures, problems encountered and recommendations shall be submitted to the HNS Executive Director within 15 days of the completion of the tournament. The information will assist Council in assessing the tournaments and providing information to associations planning to host a tournament.

23.18. The Host Minor Hockey Association shall conduct a tournament skills competition as a condition of hosting. The skills competition format will be provided annually by Hockey Nova Scotia’s Technical Director and shall involve participants from all competing teams. The Host Minor Hockey Association shall also provide awards for each of the skills competition events.

23.19. One 30-second time out, per team, will be permitted in each game.

2) Seeding
   
   a) The seven teams will be seeded in ranking from one to seven based on their Possible Points.

   PPP = Total Points in League Play

   b) If any teams have the same PPP, the following criteria will be used to break the tie(s):

   ii. Still tied: Team(s) with the highest goal ratio (goals for divided by goals against).

24.3. Games shall consist of three, 15-minute stop time periods, with ice resurfacing between the second and third periods.

24.4. **IN PROVINCIAL PLAYOFF GAMES WHERE A WINNER MUST BE DECLARED THE FOLLOWING OVERTIME FORMAT MUST BE FOLLOWED**
1. **Overtime period one:** Should a game end in a tie at the end of regulation play, there will be one (1) five-minute five-on-five sudden victory period. There will be a two-minute break at the conclusion of regulation play.

2. **Overtime period two:** Should a game end in a tie at the end of the first overtime period, there will be one (1) five-minute four-on-four sudden victory period. There will be a two-minute break at the conclusion of the first overtime.

After eleven (11) players on each team (including the original three shooters) have shot, teams may then use a shooter again going through the same process.

24.5. Hockey Canada player cards or HNS Team Registration sheets, and affiliate player certification must be available and presented upon request. This shall be done at the officials meeting and there will be no changes to the list for any reason after the championships begin.

24.6. The host Minor Hockey Association must supply minor officials, including scorekeepers and timekeepers.

24.7. Failure to present player credentials, to appear for any game as scheduled, or to complete any game, shall result in forfeiture, and possible suspension from further play. Any game forfeited shall carry a score of 5-0 against the offending team. Individual records, if any, shall count in the overall statistics.

24.8. **Tie Breaking Sequence**

   **Two Teams Tied**

If two or more teams are tied at the conclusion of a round robin series, then the following procedure will be used to determine the final ranking before the semi-final and final games are played.
In the event that teams are tied for a playoff position, the following procedure will apply:

1) If two teams are tied:
   
   a) The winner of the round robin game between the two tied teams gains the higher position.
   
   b) The team with the most wins in the round robin gains the higher position.
   
   c) If the two teams are still tied after 1)a., and 1)b., have been applied, then the team with the best goal average gains the higher position. The goal average of a team is to be determined in the following manner:

   Total number of goals for divided by the total number of goals for and against.

   NOTE: All round robin games are included.

   Example: For = 10 goals Against = 4 goals

   Therefore Goal Average Percentage = 10 (Goals For) divided by 10+4 (Goals For plus Goals Against) = .714

   NOTE: The higher percentage gains the higher position

   d) If the two teams are still tied after 1)a, 1)b, and 1)c have been applied, the team with the least number of minutes in penalties throughout all of the round robin games, gains the higher position.

   e) If the two teams are still tied after 1)a, 1)b, 1)c, and 1)d have been applied, then the team which scored the first goal in the game between the tied teams gains the higher position.

   f) If the two teams are still tied after 1)a, 1)b, 1)c 1)d, and 1)e have been applied, a single coin toss will determine which team gains the higher position.

Three or More Teams Tied

Note: The three-team tiebreaker is used to determine the seeding of the 1st, 2nd, 3rd seed. If any step in the tiebreaker only seeds one team, that team assumes that position. The three-team tiebreaker will continue to
determine the seeding of the two remaining teams. At no time will teams using this formula go back to the two -team tie breaker.

2) If three teams or more are tied, the head to head record between tied teams will determine who advances. If the tied teams have not all played each other, proceed to 2a.

a) The team with the most wins would gain the highest position.

b) If teams are still tied after 2)a, has been applied, then the team with the best goal average gains the highest position. The goal average of a team is to be determined in the following manner: total number of goals for divided by total number of goals for and against.

NOTE: All round robin games are included

Example: For = 10 goals Against = 4 goals

Therefore Goal Average Percentage = 10 (Goals For) divided by 10+4 (Goals For plus Goals Against) = .714

NOTE: The highest percentage gains the highest position(s).

The exercise of 2)b. establishes the team or teams with the highest position(s) by percentage. These teams will advance. If there are still teams tied, they go to the next step. They do not go back to the “Two Team Tiebreaker” Example;

i. Team A - .714 = 1 seed - Advances Team B - .500 = 3 seed - Does not advance Team C - .650 = 2 seed - Advances.

ii. Team A - .714 = 1 seed - Advances Team B - .500 = Still tied with team C - go to next step 2)c. Team C - .500 = Still tied with team B - go to next step 2)c.

iii. Team A - .650 = Still tied with team B - go to next step 2)c. Team B - .650 = Still tied with team A - go to next step 2)c. Team C - .500 = Does not advance

c) If teams are still tied after 2)a, and 2)b. The team with the fewest goals against (all round robin games played) will gain the highest position.

d) If teams are still tied after 2)a, 2)b, and 2)c, the team with the most goals for (all round robin games played) will gain the highest position.
e) If teams are still tied after 2)a, 2)b, 2)c, and 2)d, have been applied, the team to qualify would be the team that received the least number of minutes in penalties throughout all the round robin games.

f) If teams are still tied after 2)a, 2)b, 2)c, 2)d and 2)e have been applied, a coin toss shall determine the winner. In a three team coin toss, the odd team gains the highest position.

24.9. The Chair of the HNSMC shall appoint an officer of the Council to hear and rule without delay on any protests or disputes arising during a Provincial Championship tournament. The requirement for a protest fee is waived. However, should a participant wish to appeal a ruling of the appointed officer, the provisions of Regulation 13.12 must be met.

24.14. A tournament report, including income and expenditures, problems encountered and recommendations shall be submitted to the HNS Executive Director within 15 days of the completion of the tournament. The information will assist Council
in assessing the tournaments and providing information to Minor Hockey Associations planning to host a tournament.

24.15. The Host Minor Hockey Association shall conduct a tournament skills competition as a condition of hosting. The skills competition format will be provided annually by Hockey Nova Scotia’s Technical Director and shall involve participants from all competing teams. The Host Minor Hockey Association shall also provide awards for each of the skills competition events.

24.16. One 30-second time out, per team, will be permitted in each game.

REGULATION TWENTY-FIVE - CODE OF DISCIPLINE

24.1. Regulation 25, the Hockey Nova Scotia Code of Discipline and Minimum Suspensions is located in a separate stand alone document, which can be found immediately following the regulations section.

REGULATION TWENTY-SIX - OFFICIALS

26.1. On-ice officials (referees and/or linesmen) must be registered and in good standing with HNS.

26.2. Minor Hockey Associations through their Referee in Chief are responsible for assigning capable officials for all games within their jurisdiction. This should take into consideration maturity and physical capabilities as well as the level of certification held by an official. During inter Minor Hockey Association games on-ice officials shall not be a member of the executive of the Minor Hockey Association of either of the competing teams except by mutual written consent of the head coach of the participating teams.

26.3. Referees and linesmen should be appropriately dressed for their role, including black (or dark blue) and white striped sweater, black (or dark blue) pants, and CSA approved hockey helmet, preferable black with a clear plastic half-face shield.

26.4. Minor Hockey Associations and leagues may use either the two-man or threeman officiating system for exhibition, league and tournament games within their jurisdiction.

26.5. The three-man system (referee and two linesmen) must be used for all Regional, Inter-Regional and Provincial playoff games. The referee for these games must have at least Level 3 certification and the linesmen Level 2. If officials with these qualifications are not available, the appropriate authority (Zone Supervisor for Officials, Regional Director, Conference Coordinator, or
Chair of Minor/Female) may approve assignment of officials with a lower skill level or the use of the two-man system. No protests will be allowed in this respect.

26.6 All hockey at Midget B and above (Minor and Female) must be officiated using the 4 man system, exceptions, as per previous policy. It is highly recommended that the 4 man system also be used at Midget C.

26.7 Unless unavoidable, and only if agreed to by coaches in writing, a referee or linesman shall not officiate in any game in which a participant is related in any way.

26.8 Officials (referees) shall report all Minor/Female game misconducts, gross misconducts and match penalties which lead to a suspension under the HNS Code of Discipline to the HNSMC Suspensions Co-ordinator at suspensions@hockeynovascotia.ca or fax to 1-800-313-8320.

26.9 All Minor Hockey Associations, through their President and Referee in Chief, must ensure that officials playing both Minor Hockey and officiating hockey, only referee games up to one division below the level they presently play. (These officials may continue to act as a linesman for games within the division in which they play hockey. EXAMPLE - A Midget player could do lines for any Midget game, but only referee Bantam and below.) Associations who find this taxing their officiating resources may make application to the Officiating Committee for exception. We expect application for exception would only be submitted from smaller Minor Hockey Associations because of their limited resources.

26.10 All Minor Hockey Associations, through their Association President, shall appoint or elect a Referee in Chief who is either a registered referee with HNS or retired referee previously registered with the Hockey Canada/HNS officiating system.
